

## INTRODUCTION TO ADOBE INDESIGN

ONE DAY COURSE

Course Code: AID01

Learn InDesign at Platform's London studios.

InDesign is Adobe's industry standard solution for designers, publishers and marketers who need to produce attractive multi-page documents. Our introductory Adobe InDesign course is aimed at those with little or no existing experience of Adobe InDesign. However, by the end of the course you will be able to create documents and prepare them for print or export as a .pdf. During this one-day short course colour, typography, management, graphics, effects and more will be covered.

## Content

The course covers the following application functions:

- » Managing the Adobe InDesign Environment
- » Designing Documents
- » Managing and Formatting Text
- » Typography
- » Format Characters
- » Working with Objects
- » Colour Management
- » Colour Systems and Profiles
- » Utilizing Colours and Swatches
- » Managing Transparency
- » Graphics
- » Effects
- » Preflight and Packaging
- » Creating Acrobat PDF Files

## Requirements

This introductory course is perfect for anyone just starting out with the software. No prior knowledge of Adobe InDesign is required; only basic PC or Mac skills. If you already have a basic grasp of Adobe InDesign, then you may prefer to take our Intermediate Adobe InDesign course. We also offer an Advanced Adobe InDesign short course. Alternatively, you can also book a one-to-one training session with one of our highly experienced, Adobe certified expert tutors.

## Learning Outcomes

Completing this Adobe InDesign course will enable you to do the following and more:

- » Format Text
- » Use Colours and Swatches
- » Understand professional design considerations
- » Create single and multi-page InDesign documents
- » Create effective page layouts
- » Prepare documents for commercial print
- » Create complex Acrobat PDF files
- » Design a magazine cover
